

HORAF

Heads of Operational
Research & Analytics Forum

HORAF is a unique community for senior leaders in **OR, analytics and data science** to network and share insights. HORAF members work across over 50 leading global and UK organisations to create a community of influence and expertise that benefits its members and the wider profession.

In co-operation with

THE
OPERATIONAL
RESEARCH
SOCIETY

HORAF

Membership of HORAF provides an unparalleled environment where you can share professional concerns, interests and best practice with people on your level, and benefit from the knowledge and experience of other senior leaders.

MEMBERSHIP BENEFITS:

Share your insights and knowledge

Explore common concerns with peers

Build your network across the UK data economy

Influence and support the wider profession

Access HORAF resources and opportunities online

Liaise with and learn from academic researchers

Benchmark your own practice and outcomes

Join HORAF

Are you a leader in analytics, operational research or data science?
