

CERTIFIED ANALYTICS PROFESSIONAL (CAP®)

The OR Society now offers Certified Analytics Professional, an exam-based analytics qualification established by INFORMS in the USA.

WHAT IS CAP?

CAP is the premier global professional certification for analytics practitioners. Those who meet CAP's high standards and pass the rigorous exam distinguish themselves and create greater opportunities for career enhancement. Earning the CAP credential requires meeting the eligibility requirements for experience and education, effective mastering of "soft skills", committing to the CAP Code of Ethics, and passing the CAP exam. For organisations seeking to enhance their ability to transform complex data into valuable insights and actions, CAP provides a trusted means to identify, recruit, and retain the very best analytics talent.

CAPS IN THE WORKFORCE

- 20% of Fortune 100 companies have at least one CAP on staff including Bank of America, General Motors, Boeing, Chevron, DuPont, IBM, JPMorgan Chase, Chase, Lockheed Martin, UPS, and more.
- Visit www.certifiedanalytics.org to search the database for CAP professionals.
- Add CAP Preferred to your job postings to receive résumés from the most eligible analytics professionals.

CAP BENEFITS

- **Building Capability:** CAP-accredited employees and professionals provide the unique capability to leverage the power and promise of analytics.
- **Driving Credibility:** Having CAP professionals on your team demonstrates you have the top talent in place and are committed to the highest ethical standards of analytics practice.
- **Creating Opportunity:** Encouraging employees and professionals to pursue their CAP certification creates new opportunities for their long-term success and provides new avenues for organisational analytics-based growth and success.

WHY SHOULD I HIRE CAPS?

- Proven pre-qualified analytics talent
- Improves your organisation's analytics capability
- Maintains continuous professional development
- Provides long-term professional growth
- Increases your competitive advantage
