

# **University of Cambridge, Department of Pure Mathematics and Mathematical Statistics**

## **Churchill Professorship of Mathematics for Operational Research**

The Board of Electors to the Churchill Professorship of Mathematics for Operational Research invite applications for this Professorship from persons whose work falls within the general field of the Mathematics for Operational Research (including optimisation, machine learning, information theory, statistics and signal processing) to take up appointment on 1 October 2018 or as soon as possible thereafter.

Candidates will have an outstanding research record of international stature in the Mathematics for Operational Research and the vision, leadership, experience and enthusiasm to build on current strengths in maintaining and developing a leading research presence. They will hold a PhD or equivalent postgraduate qualification.

Standard professorial duties include teaching and research, examining, supervision and administration. The Professor will be based in Cambridge. A competitive salary will be offered.

For further details and to apply online for this vacancy, please visit <http://www.jobs.cam.ac.uk/job/16513/>. You will be routed to the University's Web Recruitment System where you will need to register an account (if you have not already) and log in before completing the online application form. Informal enquiries may be directed to Professor Gabriel Paternain, Head of the Department of Pure Mathematics and Mathematical Statistics, tel: +44 1223 337995, email: [G.P.Paternain@dpmms.cam.ac.uk](mailto:G.P.Paternain@dpmms.cam.ac.uk).

The University values diversity and is committed to equality of opportunity.

The University has a responsibility to ensure that all employees are eligible to live and work in the UK.
