MEMBERSHIP
HELPS YOU:

Enhance your CV and stand out

- Start your accreditation journey and add CANDORS to your signature.
- Enter our awards, prizes and £10,000 Master's Scholarship.
- Represent us at exhibitions, school visits and events.

Access advice, support and discounts

- Hear from working professionals to help you make the right career choices.
- Meet potential employers at our Careers Open Day.
- Get money off our events and courses, where you can learn and network.

Connect with the community

- Mix with future colleagues at our New to OR Network or Early Career Researcher Group.
- Meet others at our regional society events and university groups.

Know what's happening

- Stay current with the latest developments via email, social and online news.
- Expand your course by attending free webinars.

We are here to help you make positive steps towards your future career with **FREE MEMBERSHIP** of The OR Society.

With over 3,000 members in 60 countries, **we are the professional body for analysts, data scientists and operational researchers.** We promote the use of operational research in all areas of life, including business, government, healthcare, finance, defence and education.
